

## UNIT 34 beginning with a phrase (2)

**Example D**

The wind picked up the waves. The waves washed away my sandcastle.

**Answer**

My sandcastle was washed away by the waves which were picked up by the wind.

**NOTE:**

'My sandcastle' are the words given in the answer. Here, the challenge lies with trying to arrange pieces of information into one sentence. As the sentence begins with 'My sandcastle', it is without doubt that the information in the second part of given sentence must come first. 'which' is added to the latter part of the answer to refer to the waves being picked up by the wind. Without 'which', the answer would be incorrect.

**Example E**

The baby was lulled to sleep last night by the gentle rocking motions of the ship.

**Answer**

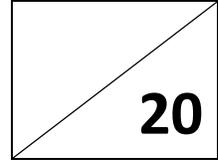

The gentle rocking motions of the ship lulled the baby to sleep last night.

**NOTE:**

'The gentle rocking motions' are the words given in the answer. Here, you must arrange three pieces of information – the baby was lulled to sleep, last night and the gentle rocking motion of the ship. Additional words or punctuation is not necessary.

**EXERCISE**

For each question, rewrite the given sentence(s) using the word(s) provided. Your answer must be in one sentence. The meaning of your sentence must be the same as the meaning of the given sentence(s).
